

By Phat

I HAVE only had the privilege of being a Villager for the past five years, so perhaps I don't know. . . . But that jam in town last Sunday was about the biggest I have ever seen here. . . . Before becoming a Villager and just in the class of a postcard tourist, I used to come down here weekends. . . . It was just a nice comfortable ride—but I can't recall in any of those pre-war years of ever having to poke along in traffic as I did last Sunday. . . . The cars were running two abreast both ways and pedestrian traffic was terrific. . . . Driving Wilshire boulevard would have seemed like hitting the open road in comparison.

SIDEWALKS were jammed, too, as jammed as State street in Chicago and the pedestrians displayed the same reckless abandon and disregard of life and limb as they do there. . . . They stepped off the curb and meandered through traffic, four lanes of it, two each way, just as blithely as if it had been August. . . . On second thought, one doesn't meander blithely here in August. . . . But, the police say, despite the great traffic jam down-town, both afoot and a-wheel, not a single accident was reported. . . . Mrs. G was driving her new car through all of that mess and said that soon she could quit worrying. . . . I asked her, "Worrying about what?" . . . "That first dent in one of my pretty fenders." . . . But traffic was so orderly, that she is still worrying.

SEEMS that Palm Springs did all right by its visitors, too. . . . It wasn't too hot and it wasn't too cold. . . . Bright, warm sunshine and a little tang in the air in the shade. . . . Just the kind of weather to make people feel hungry. . . . And it apparently did. . . . For you had to stand in line for a bit or a bite, to eat. . . . But it was a great day and I bet there were more postcards sold and Uncle Sam, via R. M. (Pop) Gorham, did more business, than he has for a long, long time. . . . In fact, the town was so full that Richard must have been at the north door and opened it wide.

SPEAKING of Richard, makes me think of music—I don't know why. . . . But I didn't get to hear the Hit Parade last Saturday night. . . . Was busy with guests. . . . So I don't know where "For Sentimental Reasons," "Zip-a-Dee Doo Dah," or "Open the Door, Richard," are. . . . But I did feel bad for a while. . . . Was at a friend's house and he played two Guy Lombardo records I haven't got and I thought I had 'em all. . . . I know one song which will be on the Hit Parade in about three months—"Easter Parade." . . . Every year around the Yule season "White Christmas" gets on and every spring right after Easter, "Easter Parade" makes it. . . . That's a sure one to predict.

LOOKS like there are going to be two "Phats" in town. . . . Saw Buster Poe, owner of Beepo, well known female wire about town. . . . He said Beepo was expecting in March and one of her offspring was going to be named "Phat" because I like wire hairs. . . . If you don't want to stand in line for a long time or drive without one of those pretty orange and black license plates until the middle of summer, get your application in at once—besides, if you don't have it in by two weeks from today it is going to cost you more money.

Getting back to that jammed up traffic last Sunday—it certainly was a good argument for a municipal parking lot. . . . Cars were parked solid from Francis S. Stevens school down to Ramon road during the height of the day and there were still long lines parading up and down the drive looking for a place to light. . . . And while on the topic of cars—some people have forgotten two important sections of the state motor vehicle code—arm signals and that lights should be put on the dim side when meeting another car. . . . Too many drivers have forgotten that little act of courtesy. . . . They load down the rear trunk thus raising the front end and making the bright lights worse than ever and the only time they dim is when the other fellow's lights are stronger than theirs.

SO MANY PEOPLE stop me on the street to comment on things that it takes considerable time to negotiate one block. . . . I wish Palm Springs had some alleys so that when I'm in a hurry to get some place I could traverse them. . . . But I pick up a lot of good things going down the drive. . . . Doc Macarney gave me this one: A good command of the language enables one TO KEEP STILL. . . . And Chief of Police Gus Kettmann asked me if I had noticed that a Los Angeles paper had advocated the same thing that The Sun did in this column three weeks ago, the Golden Rule as the only way to reduce the traffic toll.

WELL, this may or may not be the end of the line. I hope it is.

Chest Drive Boosted to Midway Mark

Early Contributions
Total \$15,000, Goal
\$35,000

Contributions to Palm Springs' \$35,000 Community Chest quota were edging toward the half-way mark yesterday as more than 100 volunteer solicitors diligently attacked the work of raising funds required to support the community's charitable, character-building and hospital services for the next 12 months.

Carl Lykken, chairman of the Community Chest organization, announced that the day's contributions totaled more than \$1000.

NO OBLIGATION

Palm Springs residents are under no obligation in signing the Community Chest scrolls being circulated throughout the community by Boy Scouts and Girl Scouts, the chest headquarters emphasized today.

The boys and girls are obtaining signatures on the forms chiefly to call attention to the Community Chest drive which opened Saturday and continues to Feb. 3, but also the calls throughout the community are designed to give the youngsters their initial feeling of community service and responsibility, General Chairman Ken Kirk said.

"We ask all of you to please encourage these boys and girls by placing your names on their lists," he said.

"You are under no obligation and your willing cooperation with the Boy or Girl Scouts will give them a great sense of satisfaction in having a part in their community activities."

Both the Boy Scouts and Girl Scouts are beneficiaries of the Community Chest funds.

and reports from the numerous teams which hope to reach every resident of Palm Springs, are hourly increasing the amount to be registered on the giant thermometer erected in The Plaza. Advance contributions amounted to \$14,500 up to Saturday morning.

FROM KENNETH KIRK, general campaign chairman, came an urgent appeal to every man and woman in the Village to support the Chest appeal, even if the donation is only a quarter or half-dollar.

"It is far more important to our Community's future to have a large number of small givers than it is to have the money contributed by a comparatively few," he said.

"To date only a few more than 150 persons have given to the Community Chest. This total should be 3500 by the end of the drive, for every resident of Palm Springs has a direct and personal interest in the maintenance of the services which the Chest supports, and it is their privilege and obligation to do their share in the work of raising this fund," he said.

IT IS HOPED that every employed person will be reached by

Two From Area Will Attend Hiway Meet

To sit in on two important highway meetings in the state capital Thursday, one with the county's two legislators and the second with the California Highway Commission, two representatives of the Palm Springs Chamber of Commerce and the Palm Springs-Indio Highway Association will leave here Wednesday night via the Southern Pacific for Sacramento.

The two local representatives are W. R. Hillery of Cathedral City, chairman of the highway committee of the Palm Springs Chamber of Commerce and one of the organizers of the Palm Springs-Indio Highway Association, and Harry C. Harper, manager of the chamber of commerce. They will return Friday.

THURSDAY MORNING the two men, with other representatives of the western end of the county, will meet with Assemblyman Phil Boyd and Senator Nelson Dillworth to discuss the Riverside county attitude toward the state highway modernization program which is being worked out in the special session of the legislature this month. In charge of the county delegation will be Harry S. Payne of Corona, chairman of the County Highway committee.

Later the group will attend a meeting of the state highway commission where the question

Blind Vets Victimized Legion Told

See-Eye Dog Racket Alleged at Meeting Here

Blind veterans are being gyped by unscrupulous see-eye dog trainers, it was publicly revealed at the meeting here Sunday of Legionnaires who attended the 21st district convention.

During the course of the meeting which was held in the El Paseo theater, a resolution censoring these see-eye dog schools was passed and at the same time Legionnaires asked that protective legislation be passed by the government which would set up an inspection and supervision of these establishments.

AT THE SAME TIME, the resolution committee of the 21st district, complimented the Hazel Hurst Foundation in Pasadena, an institution that trains see-eye dogs.

It was declared from the floor of the convention that blinded veterans after paying a high price for a dog companion in many cases found the animal was insufficiently trained.

APPROXIMATELY four hundred Legionnaires and women of the auxiliary attended the meeting. The men held their business meeting in the El Paseo theater and the auxiliary in the auditorium of the Palm Springs high school.

Jerry Sanborn, commander of the Owen Coffin post opened the meeting for the Legionnaires and then turned the gavel over to George Boldin, commander of the 21st district. Earl Coffman, member of the national distinguished guest committee, introduced leading Legion visitors.

AMONG THOSE introduced was Ralph Nicodemus, 5th area commander, San Bernardino; Jack Bennett, area commander from Riverside; Cecil Berryman, state department service officer, Los Angeles; George Boldin, and many others.

Berryman gave a fifteen minute talk on the aims of the department he represents dealing with education and rehabilitation of disabled veterans.

MAIN SPEAKER of the day was Bill Murphy of the Federal Bureau of Investigation. He is special agent in charge of the San Diego office. He spoke highly of the assistance the Legion rendered.

See BLIND VETS, Page 6

Income Tax Man Here March 3

Income taxes must be filed not later than March 15 and to assist Villagers in their returns, a deputy revenue collector will be at the council chambers, 810 North Palm Canyon drive for three days early in March.

He will be there March 3, 4 and 5 to give assistance and advice to the public. There is no charge for this service.

Amvets Vote to Endow Bed at Local Hospital

ON THE AIR MAP—Palm Springs got on the air map last Friday evening when a giant four-motored Skymaster was put on the week-end runs of the Western Air Lines to Palm Springs. Greeting the first plane is, front row, left to right, Phil Delano, president of the chamber of commerce; Kenneth Allen, public relations head for WAL; Arthur Kelley, WAL general traffic manager, and Ted Reed, chamber of commerce aviation committee chairman. Second row, Melvin Jensen and Mrs. Kelly. Third row, Mrs. Jensen and E. H. Holt of the WAL. Top row, Capt. Paul Penrose, pilot; Stewardess A. Hinckley, Co-Pilot R. Knowles and Stewardess Virginia Ward. (Desert Camera Shop Photo.)

Telephone Co. to Add Large New Building

Among 115 non-housing projects approved by the Civil Production Administration for the week ending January 9 was one for the California Water and Telephone company to build a two-story addition to their present structure at 389 North Palm Canyon drive.

The new structure will house additional telephone equipment and will cost \$37,750, according to estimates.

WORK IS EXPECTED to start soon on the new building, Bill Nash, manager of the local exchange said. An official of the contracting firm was in the Village yesterday and discussed the plans with John Porter Clark, architect who drew the plans, and Nash.

It will be two-story concrete construction and will be built at the rear of the present structure.

WHEN COMPLETED it will house the operating department on the second floor with equipment below. The present operator's room on the main floor will be moved to the new structure.

Modern in design, it will be air-conditioned, cooled by refrigeration and with an adequate heating system.

Fast Work

Robert James Martin, 20, is in the county jail quite bewildered by the speed police can display in the arrest of suspected persons.

Less than two hours after Martin is alleged to have cashed a forged check at the Acoma Indian Store, he was in the city jail being questioned by Sergeant Orest Johnson who arrested him in front of the Del Tahquitz Hotel.

ACCORDING TO POLICE records, Mrs. Ruth Bibb, the pro-

See FAST WORK, Page 6

Village Linked With L. A. By Huge Plane

Inaugurating a special week-end service for Palm Springs, a giant 44-place Skymaster skimmed in majestically to the runway of the Palm Springs Municipal Airport Friday night to be greeted by nearly 150 Villagers anxious to extend a welcome to this newest Western Air addition to the transportation schedule here.

At the controls of the huge liner as it came in for a landing on its maiden flight here was Capt. Paul Penrose, who recently gained national fame by capturing the speed trophy at the air races in Florida. Beside him in the co-pilot's seat was Capt. R. Knowles.

HEADING the Western Air Lines party on the initial run was Arthur Kelly, general traffic manager, and Kenneth Allen, director of public relations for the airlines.

As they stepped from the plane they were greeted by Philip A. Delano, president of the Palm Springs Chamber of Commerce.

See HUGE PLANE, Page 6

In Court

First of Zoning Hearings Scheduled

First of four Villagers charged with operation of a rooming house in violation of city zoning laws, Mrs. S. A. Molin, 990 N. Patencio, was scheduled to face Judge Eugene E. Theriault this morning.

A. J. Meyer, 312 Via Del Sol; Claude W. Gottebehuert, 1154 San Jacinto Ave., and Mrs. Grace E. Hubler, 535 N. Belardo, will also appear in rapid succession during the course of the week, according to the court calendar. All are charged with the same violation.

Prosecuting witness and signer of the four complaints is Frank W. Cutler, president of the Palm Springs Home Owners League.

Following their arrests, the defendants were released under \$50 bail.

New Officers Will be Named for Hospital

Election of officers of the Palm Springs Community Hospital association, will take place at a meeting of the board of directors at 3:30 p.m. Thursday. The meeting is scheduled to take place in the hospital.

It is reliably reported that Judge Eugene E. Theriault will not seek re-election to the presidency. It is also said that Mrs. Josephine Sprague, secretary and Fred Ingram, treasurer will ask that others be selected for those offices which they now occupy.

Ernie Alschuler is the present vice-president of the hospital and it is not known what he plans to do.

At the annual meeting of the membership held in the El Paseo theater Thursday night ten new directors were elected to the directorate.

Youth Held Under State Drug Act

Henry Quintana, 19, of Banning, was in custody here, held to face preliminary hearing Jan. 31 on a charge of violating the state narcotic act. He is accused of having in his possession several sticks of Marijuana.

He was arrested by Officers Jim Maynard, John Herrera and Aaron Kuk.

Action Meets Enthusiastic Praise Here

Other Organizations May Join in Move Started by Post

Members of Palm Springs Post 34 of the American World Veterans of World War II (Amvets) enthusiastically endorsed a plan at their regular meeting Friday night to endow a bed for servicemen at the Palm Springs Community Hospital.

Hilton McCabe, local attorney and former colonel in the United States army, member of the organization, suggested the project and was appointed as a committee of one to take immediate steps in ascertaining the cost of such an endowment, whether other veteran groups in the Village will join in the plan, and if they do, to endow more than one bed, if necessary.

HILTON and Dr. Claude Church, also an AMVET member, are a committee of two recently appointed to seek the organization of a Veterans League in Palm Springs, composed of representatives of all service organizations in the Village. It is hoped that when this league is organized, the endowment of a bed or beds at the hospital can be worked through this league.

McCabe pointed out that in addition to providing a hospital bed for those veterans who are finan-

Bath House Destroyed By Fire

Mineral Spa at Desert Hot Springs Consumed by Flames, Loss \$40,000

Hot Mineral Baths at Desert Hot Springs, built in 1941 by the present owner, L. W. Coffee, was totally destroyed in a spectacular fire last night, according to Harry Cannon, editor and publisher of the Desert Sentinel, weekly newspaper of that community. Damages were estimated at approximately \$40,000.

Cannon said the fire started in the laundry room of the Mineral Bath establishment, was discovered at ten minutes to 8 p. m. County fire fighters from Cathedral City and Beaumont are reported to have arrived at the scene of the fire about ten minutes to nine o'clock but too late to save any part of the structure.

The Mineral Baths at Desert Hot Springs since it went into operation back in 1941 has been popular with Villagers and residents from Indio to Banning, it is said.

Enforced

City License Law Means Business

Co-operation of city hall and police officials in the enforcement of Section 3 of Ordinance 119, the city license ordinance, is expected to end any selling in Palm Springs without a city license.

John L. Shoup, 51, of Santa Ana, was fined \$25 in Judge E. E. Theriault's city court yesterday for selling avocados at Indian avenue and the Plaza without benefit of city license.

He was arrested by Chief of Police G. A. Kettmann.

City ordinance 119 sets forth the licenses every vendor or business firm shall pay in the city and Chief Kettmann said that strict enforcement of the measure will be the rule from now on.

Joe Omlin, former fire chief at Torrey General Hospital, was recently appointed License Inspector for the city to aid in the enforcement of Ordinance 119.

NOTICE

TO ALL THOSE WHO DO NOT USE THE PICK-UP SERVICE. Warning signs are being placed about our property stating that \$100.00 will be paid for the arrest and conviction of those who either dump any sort of matter on same or camp or otherwise trespass beyond the mere crossing by pedestrians.

Average Assessed
County Valuation
\$843 Per Person

Assessed value of taxable property in Riverside county for the current fiscal year averages \$843 for each of the 151,000 people in the county, California Taxpayers' public its study of per capita valuations in California counties. Total value of taxable property in the county for 1946-47 is \$127,278,160.

For 1945-46, assessed value of taxable property in the county averaged \$809 for each of the 141,000 people in the county. Total valuation was \$114,121,870.

OVER THE STATE as a whole, the assessed value of property subject to local taxation this year averages \$966 for each of the 9,420,000 people in the state. Total valuation is \$9,100,823,858.

For 1945-46, assessed valuations throughout California averaged \$926 per capita for the 9,220,000 population of the state. Total valuation was \$8,541,172,363.

BIGGEST PER CAPITA valuations this year were in Mono county, with \$4,961 per capita for 1500 people, and Alpine, with \$4,558 per capita for 320 people. Colusa had \$2321 per capita for 10,200 people. Amador had \$1,946 per capita; Fresno, \$1,514; Glenn, \$1,620; Inyo, \$1,819; Kern, \$1,744; Kings, \$1,795; Plumas, \$1,975; Santa Barbara, \$1,530; Shasta, \$1,583; and Ventura, \$1,588.

At the other end of the scale, Contra Costa at \$686, San Bernardino at \$784, San Diego at \$740, Santa Cruz at \$674, Solano at \$606, Tulare at \$749, all fell below \$750 per capita assessed valuation.

Generally speaking, taxable valuations are beginning to catch up with the growing population of the state, the Taxpayers' association pointed out.

In 1850 one-eighth of the people of the United States dwelt in cities of 8,000 or over. By 1900 this number had increased to nearly one-third.

Letters to the Editor
HE WANTS HIS SUN

Editor, The Desert Sun:
On Jan. 5th, 1947, I mailed you my check for Five Dollars (No. 673) and asked that you mail me The Desert Sun to the above address for a year (or as far as the check would reach.) Now ten days later and I have not received a copy of the wonderful Desert Sun as yet.

I know "large bodies move slowly, etc., etc." but how would you feel if you had to go without The Desert Sun for ten whole days?

Please check your records and get it coming this way as soon as possible.

Sincerely
H. R. MACK

P.S.—Perhaps, you operate under "Restricted Clientele." Well, I am not a Democrat and thank the Lord I never have been. P.S. again—I addressed my original letter to The Desert Sun, Palm Springs Leading Newspaper, maybe the postmaster has stock in "the other one" so this time I will address simply, Desert Sun, a newspaper.
(In re P.S. Again—It couldn't be—Pop knows better than that.)

Dos Palmas Has
Superb Vistas of
Desert, Mountains

One of the most scenic view areas in the Palm Springs district is from Dos Palmas, the new Strong and Dickinson development, located just fifteen minutes Northeast and on the sunny side of Palm Springs.

Looking Southwest from the Dos Palmas development one sees magnificent vistas of snow capped, tree covered San Jacinto mountain which towers up over 10,000 feet from the floor of the desert. Looking Northwest, San Geronimo mountain rises some 11,000 feet above the floor of the desert valley. Southeast the eyes see miles and miles of colorful desert. Turning to the Southwest are picturesque views of low rolling hills covered with beautiful desert foliage.

ONE OF THE MOST interesting views from the tract office at Dos Palmas is "Angel Rock," a formation on the lower slope of San Jacinto mountain, which clearly pictures an angel about to take flight.

H. T. Muzzy, sales manager of Dos Palmas says "Invariably buyers of estates here have instructed their architects to plan their homes to take full advantage of the magnificent colorful mountain and desert views."

Mr. Muzzy reports equal sales interests between local Palm Springs property owners and visitors to the area. Both have been quick to appreciate and to take advantage of the present pre-opening Dos Palmas Sale opportunity.

Auxiliary "Show"
Riot of Laughter
At Fiesta House

The surprise skit presented Wednesday evening at the Desert Inn Fiesta House by the losing side in the recent membership contest sponsored by Owen Coffman unit, American Legion auxiliary, proved to be a "riot" in entertainment, bringing forth gales of laughter and applause. Many Village personalities and characters were recognized by the audience in the clever impersonations, and considerable talent in acting was demonstrated by the "actors" and "actresses."

Members taking part in the highly amusing program were: Dorothy Morrison, Enid Armstrong, Holly Lash Visel, Lois Lux, Dorothy Connell, Christine Renier, Gladys Follansbee, Jerri Jenkins, Harriett Stromboj, Violet Knupp, Lena Basilone, and Cora Cornell. They were also hostesses for the refreshment hour.

DURING the business session, Mrs. Doritz Kreimay, chairman, reported on the auxiliary's education program for veteran's children, and the University of California extension courses offered by the auxiliary to hospitalized veterans.

The educational assistance offered in loans and gifts to the children of veterans of World War I has been carried on through the years and has now been extended to include the children of World War II veterans. The local unit contributes generously to the organizations state fund for this educational assistance.

PLANS TO ASSIST in securing passage of many bills to be presented in both houses of Congress by the National Legislation chairman of the American Legion, in addition to many other bills to be presented in our own state legislature, which will pertain to veterans, were explained by Mrs. Lena Basilone, unit chairman.

Mrs. Marian Lienau, president, presided at Wednesday's meeting.

Let us recall that some of the problems before the Security Council now being successfully dealt with by the processes of discussion and meetings a few short years ago would have broken out in actual war.

—Miss Mabel Head, UN observer for United Council of Church Women.

The University of Minnesota has conferred only 21 honorary degrees since its founding in 1851. Milk is used in a wide variety of industrial products.

Riverside County Still Investing in Government

Riverside county residents bought \$465,729.50 in E, F, and G bonds in December, according to word received here this week by Tom Holland of the Palm Springs Department and Hardware store. Mr. Holland is still vitally interested in the trend of sales as he was chairman of bond sales during the war, repeatedly doubling and trebling the quotas assigned. In the large amount of bonds purchased in Riverside county, Mr. Holland felt confident that Palm Springs played a large part. "It's significant," he said, "that despite heavy Christmas spending, Villagers kept on buying savings bonds at an accelerated pace."

Call for Them Promptly, Plea

Parents of Girl Scouts and Brownies are urged to be on hand promptly when meetings end at the Little Scout House. "We don't want to leave the little girls stranded at the end of meetings for the Little Scout House is closed as soon as the sessions are over," an official explained.

In 1945 the average American family owned \$4,000 of life insurance.

That's a Lot of Lemonade

Police Stop Pre-Dawn Stroller and Find Suit Case Full of Freshly Picked Lemons

Sure and there are no street cars running down Palm Canyon Drive—as yet.

Nevertheless, officers Dale Thomason and Al Dawson sort of scratched their head in perplexity when they stopped Paul Douglas, 33, at 4:30 a. m., walking down Palm Canyon Drive carrying a suit case.

Asked what he was doing abroad at that hour of the morning instead of being snugly tucked in bed he said he wasn't looking for a street car.

And it was the suit case that aroused so much of the ingrained suspicions of the policemen trained in protecting the life, limb and property of the citizens of Palm Springs.

The suit case, the early morning hour, still pitch dark, the bold attitude of the man walking down the main drag—well.

"What's in the suit case," was the next natural question on the part of police.

"Nothing!" was the expected reply.

"Let's see, do you mind?" What can a guy do when two big policemen ask you for a chance to look at the contents of a suit case carried by a person, down fabulous Palm Canyon Drive in famous Palm Springs, California, when 99½ per cent of the people are asleep in their homes?

By the way of explaining the curiosity of the policemen—there has been an unusual amount of burglaries and car "clouting."

Clouting, by the way, in police parlance, means stripping cars of valuables, tires and other appurtenances while the owner is away.

HOWEVER, it is not implied that Mr. Douglas was suspected of doing anything prior to an inspection of his suit case and even after the officers opened it up. The blotter at the police station doesn't in any manner imply that this was the case or even suspected by the policemen but—

Imagine what the officers found when they did open the suit case. The report reads: "We found fifty (they counted them one by one) freshly picked lemons and Mr. Douglas said he is in the habit of taking a walk at 4:30 a.m. carrying a suitcase full of lemons."

Mr. and Mrs. Belding
Hosts at Luncheon

Mr. and Mrs. Paul Belding were hosts at the Tennis club at a luncheon in honor of Miss Barbara Perchell of Washington, D. C., and Col. Ferdinand De la Guardia of the Philippines one night recently.

1946 Fire Damage Tops 1945 Result Of Two Big Fires

In a comprehensive report to City Manager William E. Alworth, Fire Chief Bill Leonasio revealed that 1946 was a worse year from the fire standpoint than 1945.

While there were only two more fires in 1946 than in 1945, the total loss was almost nine times greater. This is blamed on two single big fires which in themselves took more than \$150,000 in damages.

LAST YEAR there were 85 fires in town while the year before, there were 83 fires.

Total loss due to fires last year was \$281,194 and in 1945, \$29,975. Greatest loss occasioned in two fires, the veterans' housing project lumber yard blaze and the Indian store fire. Beyond these two the loss was but a little higher than last year.

PER CAPITA fire loss in 1946 was \$7.49 against \$4.29 in 1945 and the loss per fire in 1946 averaged \$66.23 against \$6.66 in 1945.

The chief's report showed that constant inspections are being made to prevent fires and that

many hazards have been corrected due to these inspections.

Equipment on hand is in good order, he said as he issued another plea for every person to use the utmost precaution to prevent fires.

Cathedral City

By W. R. HILLERY

At the Riverside county flood control meeting recently two items of business came up that effect or may effect Cathedral City. The first was the authorization to complete the survey to the upper end of Cathedral Canyon. This will permit maps to be made that will indicate the right of way needs for channels and the matter can then be presented to the four principal owners in the canyon outside the present boundaries of the Village.

Assuming that the matter of crossing the highway will be ironed out it will then be up to these four owners to furnish free rights of way and contribute some \$15,000 so the entire job can be undertaken. The value of this adjoining land will advance far beyond the contribution while if this cooperation is not given the control will be limited to the Village. The second item of interest and one that ties in with the first was a motion of the county board to request Assemblyman Philip Boyd to represent the county at a Sacramento review of the public hearing held last month in Cathedral City. What the outcome of the hearing was, I haven't heard, yet.

LAST WEEK I questioned the proposal that this Village incorporate. I didn't know that Mr. Bonelli would bolster my opinion. One of the arguments given before was that we could control the granting of liquor licenses. Like heck we can. What Mr. Bonelli is doing is bringing on another try at prohibition or it may be local option or else it will encourage dives rather than the

present effort of most operators to run a decent place. The better class will go out of business and some of them are on the way out now.

G. C. Waller and Frank C. Russell are a committee appointed to go into the matter of a sanitary district for this area. The matter has been agitated long enough and should, with this able committee, get into high gear and reach a conclusion. The principal remaining problem that could be solved by incorporation would be zoning.

IF A RECOMMENDATION of the County Planning Commission at their last meeting is enacted into an ordinance by the county then a big step will have been made toward zoning. The recommendation is a building code and carries some features that are rather zonish. Setbacks is one. So it would be a good thing to go to Riverside now and see how our county government works. Monday, for instance, at 10 a.m. in the Supervisors chambers where the hearing is to be held about vacating one of our streets for private use. Lets all ask for setbacks, instead. If you are planning new building or a new wall, why not set back an agreed four or five feet to permit a sidewalk space that must now be taken from our very narrow streets.

Another suggestion. For selfish reasons, if not for community betterment, I would not tie myself with any sort of contract for bottled gas. If enough of you do that it might delay bringing in the Texas gas that should reach this valley this year. It's not in the future very far and would be an

Cathedral City Roundup

Reported by MARY R. WOLSETH

Help, Please

The reporter of these notices invites residents of Cathedral and nearby ranches to telephone to her, 4512 or call at Desert Lodge, Glenn and C streets, and give personals or news items. It is hoped to make this page of value and interest to Cathedralites. If you know anything you think will interest us all please send it in. Also, if you subscribe for the two weekly issues of The Desert Sun (by the year \$5) not only will you get every copy in your mailbox but you will save money and time and let the publishers know that this page is appreciated.

Woman's Club To Meet Feb. 5 Is Announcement

The next luncheon meeting of the Woman's club of Cathedral will be held in Indio at the Sans Souci restaurant on Feb. 5, at 1:30 p.m. The hostesses will be Mrs. Lolita Waller, for arrangements and Mrs. Anna Reilly, for the program. Because of the greatly increased membership of the club this year it is not possible to have the luncheon at the Desert Club in La Quinta where it is scheduled on the year book program. Cars will leave from the home of the president, Mrs. Lucy Abels at 12:45 and reservations must be made at once with Mrs. Waller, telephone 4275.

important item of stability to property values.

THE ANNUAL MEETING of stockholders of the Cathedral City Development company and the Cathedral City Water company was held here recently. Aside from approving the new six-inch main between G and H streets and providing for other expansions, the most apparent thing the residents will notice in a few days will be a number of signs placed at various points on company land warning of dumping or camping and that sort of trespassing and providing a \$100.00 reward for arrest and conviction of violators. We are also running an ad to the same effect, for my job will be to represent the company in attending to the arrest and trial of the violator, but I must also draw the check for \$100.00 to the good citizen who will be aiding in keeping our place clean. If a violator is a friend of mine so much the worse.

United Nations delegates and staff consume between 20,000 and 25,000 meals daily at their Long Island headquarters.

Street Widths Topic of School Club Meeting

The Cathedral City school club held its regular January meeting at the school Jan. 9. Mrs. A. K. Dawson, chairman, read a protest objecting to the narrowing of any of our streets and particularly to the granting of a petition to decrease the entrance width of Glenn Ave., south from the highway. This protest was signed by all the members present.

Mrs. Eva Smith, the live wire program chairman, introduced first Mrs. Ruth Dwyer who presented a few of her first and second grade pupils and their art work.

The second speaker was Mrs. Marjorie MacFarlane, a well known local professional artist who spoke on art in the home and the importance of color harmony in decorating and furnishing. She explained how she teaches art to children and exhibited the work of several pupils.

Frank Russell will show his Alaskan pictures and tell of the trip he took with the Petersons and the Hillerys last summer on Wednesday Jan. 22 at 7 p.m. at the Town Hall. The talk will be under the auspices of the Women's Auxiliary and will take place of the pot luck supper which were so popular last year and which were sponsored by the church. Dessert and coffee will be served and a free will offering collected.

Personals

The Kathryn dress shop has changed and is now being run by Mrs. Josephine Johnson. Kathryn is still about town we are glad to report.

Have you seen the rock garden at the school which is a new horticultural project of the school children? The bird bath in the center was made possible through the contributions of the children. And speaking of artistic objects, did you see the pastel colored pouter pigeons in a pen outside the school building. They are really something.

Mrs. John Abels and Mrs. James Wolseth drove to Santa Barbara last week for three days. They were accompanied by Mrs. Ralph Radcliffe Whitehead, a guest at the Desert Lodge.

Two fog nozzles were purchased by Fire Chief Gordon, he reported at a meeting of the

Library Fund is Enriched by Gift Result Luncheon

The library fund was increased by the sum of \$85 proceeds from the luncheon given by the chairman of the library committee Mrs. Margaret Hillery and her two friends Mrs. Margaret Potter and Mrs. Edna Cobb. These three ladies donated all the food for a delicious creamed chicken luncheon partaken of by the Cathedral City Woman's club last Wednesday afternoon Jan. 15 in the Town Hall. A full house capacity of sixty six ladies sat at the tables which were decorated with pink carnations for centerpieces and beautiful little place cards made by Mrs. Caroline Kelly, sister of the librarian Mrs. Marie Ide.

Mrs. Mary Price, wife of the local writer Willard, gave an excellent report of her trip to South America where she spent six months and has just returned. The trip was made mostly by plane and Mrs. Price urged people having a yen for travel to go south.

TOUCHING the highlights of each country and talking from two large maps on which the journey had been marked Mrs. Price spoke fluently and with a command of her subject which thrilled her listeners. Mrs. Arthur Bailey and two Palm Springs representatives of Girl Scout activities attended the luncheon as guests of Mrs. A. K. Dawson, local chairman for the Woman's club of Scout activities. Mrs. Dawson and Mrs. Bailey appealed to the club members to sponsor a proposed hut to be built in Cathedral by the fathers of the Scouts and Brownies which will cost in the neighborhood of \$500.

Mrs. Bailey said that the Scout fund had sufficient money to pay half of this sum if the neighborhood would raise the other half. She had yet to take this matter up with the board. The motion was made and carried unanimously that the Woman's club sponsor the raising of the necessary money when the need arises.

volunteer fire department last week. This will do much to increase the efficiency of the fire equipment and is to be paid for by the chamber of commerce.

Mr. and Mrs. Walter Strong have returned to the Deluxe trailer court after staying with their daughter Hazel in Hollywood, following the funeral of their daughter Edith Colglazier. They ask that The Desert Sun express their appreciation to friends who sent cards and flowers both during and after the lifetime of their daughter. They will be glad to have their friends call upon them.

The open hearing before the supervisors in Riverside Monday Jan. 29 proved to be an occasion when the ladies who accompanied their husbands, or represented their club groups, got together at luncheon at the Mission Inn to talk things over.

A pot luck supper was held Saturday night at the DeLuxe trailer court. It was well attended and a vote was taken to repeat the event in the near future. Alex Bowker and wife have done a great deal for the community when they provided a Deluxe park hall for the amusement of the guests. A standing invitation is given to the residents of the town to attend these Saturday night gatherings.

"Sez I"

By MARY WOLSETH

Sam Arner writes an appealing letter from Las Vegas. Sez he: "I have never wanted anything more than just the co-operation of the citizens in permitting me to leave my oil tanks four feet under ground and two feet over onto county property. This space lies within a jog back of a telephone pole on property which cannot be used to drive over because of the pole. It is unfortunate that a misunderstanding has arisen over the wording of the petition and that I have been blamed for the names of two signatories whose names were chosen at random by the Riverside County official responsible for publishing legal notices. I was advised by officials in Riverside to word my petition the way I did."

Sez I: "This assurance from Mr. Arner will clear the impression given from reading the published legal notices and which have given rise to a storm of protests which brought many of the residents to the hearing last Monday in Riverside. Before putting down tanks sidewalks or buildings it would be well if we would all check with the county or state road departments first in order to be sure that we will not intrude on land which is not ours. As there are five other corners along the highway with irregular 20 foot jogs on which intrusions can be made in the future, it may be that the county officials wished to establish a precedent and find out the feeling of this community. It was most apparent that the citizens read the papers and know what they want and are willing to fight for it when I heard them and saw them at the Riverside hearing on Monday.

A remarkable experience, this housing shortage. One gets all the social consequences of bombing on a grand scale, without the debris.

Fire Protection Topic at Initial C. of C. Meeting

The first 1947 meeting of the Cathedral City Chamber of Commerce was held at the Town Hall Jan. 7. Fire Chief Gordon asked that the chamber purchase two fog nozzles costing in the neighborhood of \$200 in order to increase the efficiency of the present 225 gallon capacity. Mr. Gordon was authorized to buy this equipment which would then belong to the chamber of commerce.

He was told to investigate the cost of long applicators which make it possible to combat attic fires without personnel actually entering a building. Mr. Gordon said that if housing would be made available for a larger fire truck the forestry service will furnish a truck of 800 gallon capacity.

Mrs. Edna Cobb reported the purchase of additional dishes for the Town Hall by the Woman's club from funds raised by the Christmas bazaar.

A FINE FEATURE of the evening was a talk by Francis Crocker of Palm Springs on behalf of the Community Chest. Later Mr. Crocker entered an open discussion of the merits of incorporating Cathedral City. He gave many interesting facts concerning the early struggle of Palm Springs with the problems of incorporation and it was brought out that Mr. Crocker has been a member of the Cathedral City Chamber of Commerce for many years.

The battle of New Orleans was fought more than a month after the signing of peace in the War of 1812 between England and the United States.

Gustav Patzner Is First Veteran to Move Into Project

Gustav Patzner, head of the music department at the Palm Springs high school is the first Village veteran to move into a completed three-bedroom house on the Visto Del Cielo veteran's housing project planned by the Sunny Dunes Development.

Among the other veteran's applications approved for financing

by the government on this tract are Jimmy Shea, Marvin Wade and Charles Wade. They plan to move into their new homes just as soon as the last touches in the construction of them are finished.

The project which started last summer has been subjected to many delays caused by shortages of material, governmental red tape and a disastrous fire, which totally destroyed thousands of feet of lumber.

The original ceiling price of these homes to veterans was \$9,700. It is reported now that the price under a new FHA ruling is \$11,370.

Doing the Village

with
Moya Henderson

The return of typical Palm Springs weather saw the streets and shops of the Village thronged with visitors again this week. Adding to the throng were the Legionnaires and their wives who assembled here from all over the district.

Jerry Sanborn, commander of the local post planned Sunday's entertainment for the men and Mrs. Harold Lieneau, president of the Auxiliary, saw to it that the women had a most enjoyable day. All assembled for luncheon at the Palm House.

ON SUNDAY, the trails out to Andreas Canyon were as crowded with riders as Palm Canyon Drive was with cars. Smoke Tree Ranch held their breakfast ride at the Experimental Station, Bill Grant's beautiful red setter loping along ahead of the riders.

In honor of the new Los Compadres Trail, members of that group met for a dedication breakfast in Andreas Canyon. Melba Bennett, representing the Desert Riders, was guest of honor and participated in the dedication and the laying of signs. This lovely new trail is part of the old Gordon Trail and leads from Andreas to Murray Canyon, making it possible for all riders to visit two of the most scenic canyons in this area.

FUNDS for its construction came from the Kangaroo Courts held during Western Week by the Los Compadres and the construction was supervised by the Desert Riders. Also guests on this long ride were Bob Wicket, Floyd Sandefur, Gene Bell, Cid Smith, H. F. Ham, Howard Burkett, Jack Reese, Larry Miller, John Hinkle, Dutch Ward, Herman Brons-cum, Jim Henry and C. H. Met-ter, all members of the Redlands Sheriff Posse who came down especially for the occasion.

George and Ethel Strebe started something, that will probably be a habit from now on with Palm Springs, when they invited their many friends in the Village to Sunday Brunch at the Doll House. Reminiscent of the old Monday afternoon Jam Sessions was the playing of Felix and Leo and Bob Lane, who really gave out with the music. All the Partridge family were there and Frank, with son Jim, were busy getting some pictures of groups about the room. Over in one corner the Lee Berings seemed to be having a wonderful time. The John Lawlers were amongst the early comers as were Barbara Hinkle and Mary Jane Hicks. Ona Brown was busy greeting old friends as was Roy Randolph. Many of the early morning riders, such as Frances Strebe, Ruth Roberson, the Grants and the Houghs, made it back in time to join in the fun.

ANOTHER GROUP, which have started a precedent that sounds like good fun, was composed of the Albert Burkes, Johnny Boyles, Bill Grants, Alice Hough, Roma Marvin, Billie Mosely, Ann Purnell and Gene Thomas. They all took to the saddle on Friday morning and headed down for Thunderbird Ranch where they enjoyed luncheon by the swimming pool and

the ditties sung by Johnny and manager, Frank Bogert.

The Old Mill, out on the highway to Indio, was the scene of a mighty fine clam bake Friday evening when the Fish and Game association put on one of their wonderful spaghetti dinners. Everyone joined in the square dancing and had a wonderful time. Mary and Oscar Hammerstein, down for the week-end from their Kingsburg ranch, enjoyed seeing so many of their old friends at the gathering. Pat and Bill Rogers, Louise and Clarence Purnell and Ellen and Tony Biaboski prepared the dinner for the large assemblage. These Fish and Game parties have become so popular that it is now no small task.

TAKING a rest from the daily routine of business and social affairs were Harold Hicks, Gus Kettmann, Culver Nichols and Armand Turronet who journeyed to San Jose this week to attend a seminar.

If the first few weeks of 1947 are an example of what is to follow, there won't be a dull moment in the Village. The calendar is already becoming crowded with activities for the coming months.

Alfred A. Joseph Advances in Navy

Alfred A. Joseph, 2, son of Mrs. Edith Mallee of 468 Hermosa pl., Palm Springs, Calif., has qualified as a candidate for shipfitter, third class, at the Construction Battalion Center, Port Hueneme, Calif.

Joseph, who entered Naval service Sept., 1946, received his recruit training at the Naval Training Center, San Diego, Calif.

He is manager of the Beverly Hills hotel. Sally and Culver Nichols, commenting on the quiet resplendence of the Bombay. Mr. and Mrs. David Margolius of the Ambassador here. Jack and Eleanor Cushingham, Jack now being off crutches altho still hobbling a bit. Mr. and Mrs. Jack Holditch. Mr. and Mrs. Jack Hansen, of Balboa. Hansen is a former big league baseball player, now owner of three dress shops in Balboa and Corona Del Mar, with Mr. and Mrs. Don Noel, also of Balboa.

DINNER GUESTS at the home of Dr. and Mrs. H. M. F. Behne- man the other evening were Mr. and Mrs. Morris Sachs of Chicago.

The midwestern visitors are guests at the La Paz guest ranch.

BACK FOR THE SEASON. Mrs. T. A. Willard opened her home, 367 Santa Catalina, this week.

Lady Irene Whitaker of London is her house guest.
DEAN AND MRS. Lloyd C. Emmons of the Michigan State College are house guests this week of Mr. and Mrs. Winfield

H. Line of 571 Indian Trail. The Emmons are enjoying the sunshine of Palm Springs, and the Dean is relaxing from a program which has seen the Michigan College grow to more than 13,000 students.

The Emmons flew from Michigan in the Lines' plane last Friday. Mr. and Mrs. Line are both re-search staff of the Michigan State College.

MR. AND MRS. Winfield H. Line of 571 Indian Trail flew into Palm Springs from Michigan last Friday in their new four-seater Bellanca airplane. With them they brought Dean and Mrs. L. C. Emmons of the Michigan State College.

The Lines left Palm Springs a month ago to take delivery of the plane at the factory in New Castle, Del. They spent some days in New York and Washington on business then flew their plane to Michigan where they met their guests, the Emmons.

Mr. Line reported that the flight westward required sixteen hours and was enlivened by a 200-mile flight down the center of the Grand Canyon and over Lake Mead. A final swing over Death Valley at 11,000 feet elevation preceded the landing on the local airport. The Lines will hangar their plane at the new Palm Springs airport.

Fast Work . . .

prietor of the Indian store, called to report that he had just cashed a forty dollar check signed by a Jay M. Harbour Jr., employed at the Bank of America.

Mrs. Bibb feeling that all wasn't right with the check passer who bought a ten dollar article and received \$29 back in change, hurried to the Bank of America. There she learned that Harbour Jr., name on the check worked at the bank, she asked that he examine the signature. He denied it was his.

QUICKLY she then called the police and Sergeant Stanley Ehler and Orest Johnson, supplied with a good description of the tall young man dressed in a blue suit, began scouring the streets of the Village. Sergeant Johnson reported that from the time the police received the call until Martin was arrested he was ten minutes behind the suspect at various places in the town.

In the meantime, Martin, he explained later, went to the Greyhound Bus depot and changed to a grey suit of clothes. According to both sergeants, Martin admitted he stole the blank check from the room of Harbour Jr.

Chilly

Sh-h-h—But It
Got Down to 29

Perhaps we shouldn't say anything about this—

But being honest newspapermen, here it is. It was chilly this week in Palm Springs. At night, that is. Twice the mercury dipped down to 29 degrees, according to the official thermometer.

Here are the figures since last published on Friday.

Date	Max.	Min.
Jan. 16	61	29
Jan. 17	70	32
Jan. 18	71	33
Jan. 19	70	29

Chest Drive . . .

the solicitors in their places of business where they will be asked to give one day's pay to this worthy cause, but if persons are not reached for their donations, they may be mailed to P. O. Box 834 or left at the Chest headquarters in the Red Cross offices just north of the Torney Hospital entrance. The offices will be maintained at that location until the end of the drive when they will be moved to another place.

Meanwhile, reports showed that volunteers in Cathedral City and Desert Hot Springs are making equally good progress in their portions of the Community Chest campaign. Chairman Kirk emphasized that these two communities had undertaken generous portions of the budget, supporting the Palm Springs organizations.

THE FIRST REPORT meeting of the chairman and workers of the various divisions is set for 4 p.m., Friday, in the Fiesta House. The chairman is anxious to have every chairman and worker at this session in order that any questions that have arisen in the first week of the solicitation may be answered and an accurate total of funds reported.

Blind Vets . . .

dered the FBI during World War II.

Women of the auxiliary in meeting at the high school auditorium were introduced by Mrs. Edward Peterson, 21st district president to state president Mrs. Sidney Brannaman of Palo Alto. Mrs. Harold Lineau, president of the local auxiliary welcomed the visiting ladies.

DURING the afternoon session Mrs. Brannaman addressed the group on veteran's legislation and various phases of the auxiliary program. The group also heard Mrs. Horton Taylor, Fort Bragg, speak of a program for post-war orphans and hospitalization for veterans. Mrs. Myron Mynkoop, Temple City, told of plans for another "Girl's State" at Sacramento this June. Mrs. Patti Osterlander, El Centro, spoke about the Pan-American program and Mrs. E. E. Leduc, Turlock, addressed the group on the legislative program.

At noon the auxiliary and the American Legion met for lunch in the Palm House where Vic Sudayha and Gene Hughes, acceding to legionnaires, established something of a record for speed in serving 225 members in a matter of 45 minutes. The food too, according to Jerry Sanborn, was more than delicious.

THE ASSEMBLED group was entertained by the Palm Springs high school band and later these youthful musicians were entertained at a luncheon in the inner patio of the Colonial House hosted by Bill Davis, who by the way is a member of the executive committee of the Owen Coffman post.

NAMED FOR IRON CHANCELLOR Bismarck, N. D., was named to flatter the German Iron Chancellor in hope of bringing German capital to the rescue of the financially stricken Northern Pacific Railroad.

Canadian fishermen must go at least 150 miles to fish for tuna because tuna can only be caught in the Japanese current which is 150 miles offshore at Vancouver.

Policy Followed by Community Hospital Here General in Other Communities, Check by Desert Sun Reveals Today

Should the directors of the Palm Springs Community Hospital throw its doors open to doctors who are not members of the Riverside County Medical Association?

This was the question around which much discussion centered at the annual meeting of members of the Community Hospital last Thursday night.

In addition The Desert Sun has been in receipt of several letters, some urging that it be done and others taking the opposite view.

IN ORDER to ascertain if other community hospitals allow non-members of county associations to practice, the Desert Sun called several such institutions and learned that the same policy prevails as that followed here.

The most enlightening explanation of policy came from A. R. Traphagen, administrator of the Riverside Community Hospital in Riverside. This institution has 136 adult beds and forty staff doctors.

TRAPHAGEN SAID the only doctors permitted to practice at his hospital are those who are members of the Riverside County Medical association and have been so, for at least six months. In addition, he said by doing so, the hospital he represents can therefore remain an accredited institution in the eyes of the American College of Surgeons which is an honor highly coveted by most hospitals in the United States.

"The rules of the American College of Surgeons require that our physicians be members of the county association," he said.

HE ADDED that by observing the regulations of the American College of Surgeons, the insurance rates at the hospital are lower and each year a representative is sent to Riverside to examine the ability, practice methods, and ethics of those doctors on the staff.

"The doctors on the staff," Traphagen said, "are subjected to a stiff examination each year which goes far toward the maintenance of an efficient and up-to-date staff for the hospital."

A call to the Redlands Community hospital revealed that the policy at that hospital and the San Antonio Hospital at Upland was essentially the same as that followed by the Riverside institution.

THE POLICY of the Palm Springs Community Hospital was decided at the time of its organization, when Graham Davis, director of hospitals for the Kellogg Foundation of Battle Creek, Michigan advised that only such doctors who are members of the county association should be permitted to practice at the local hospital. This recommendation was adopted by the board of directors and written into the by-laws.

However, it was learned the Community Hospital will admit all persons requiring hospital service regardless of the physician who may be in attendance.

and Ted Reed, chairman of the chamber's aviation committee and president of the local chapter of the National Aeronautic association.

COMPLETING the ship's crew were Stewardesses A. Hinckley and Virginia Ward. The WAL officials were guests here over the weekend of William Ortwin, Palm Springs manager. After the initial party had debarked and the visiting officials properly photographed with the Village greeters, the welcoming group was given an inspection trip through the giant DC-4, which is the same ship being flown on the major lines of the country today.

It will be flown here on Friday, Saturday and Sunday evenings, leaving Los Angeles at 5:45 p.m., and arriving here about 6:30 p.m. The return flight takes off here at 6:30 p.m., and arrives in Los Angeles at 7:50, making connections with important north and eastern flights.

Sen. Dilworth Guides Meeting of State Senate

Senator Nelson S. Dilworth, who represents the 37th (Riverside county) district in the state senate, presided in the place of Lt. Gov. Goodwin J. Knight, who was ill. He was asked by the rules committee of the senate to take charge.

Sen. Dilworth has been chosen vice-chairman of the vital senate transportation committee which is now holding public hearings on proposed state highway and gas tax legislation. Sen. Dilworth and Sen. Ralph Swing of San Bernardino counties are the only two Southern Californians on this important committee.

Other committee positions of the Riverside county senator are on the education, military and veterans' affairs, business and professions and on social welfare.

MORE ABOUT . . .

Endowed Bed . . .

cially unable to pay for hospitalization, the year around endowment would assist the hospital in meeting some of its operating expenses.

AFTER DISCUSSION, the entire membership endorsed the plan and gave him the power to follow through on the project.

Howard Jay, administrator at the Community hospital when appraised of the AMVET plan, declared the idea an excellent one. "The idea is excellent," declared Jay. "Personally I believe it is one of the finest gestures presented in a long time and it is definitely possible to work out the plan with either your organization alone or all of the service groups together."

UNDER THE PLAN as decided upon at the AMVET meeting, only veterans of both World War I and II, would be allowed to use the bed at the hospital. On being admitted to its use either a staff doctor at the hospital or a doctor representing the Service groups would pass on the extent of the veteran's illness. The financial ability of the man to pay would be decided by a hospital committee of the Veterans League, if the latter is organized. It was pointed out that this plan is especially efficacious in the case of veterans in Palm Springs stricken suddenly, or during the night. As it stands today, a veteran would have to wait long hours before an ambulance could be sent from the nearest Veterans' Administration hospital.

DURING the course of the meeting Friday night the AMVETS voted to send letters to fellow member Senator Bill Knowland, a U. S. Congressman John Phillips asking that federal support be given to the city in its attempt to better sanitation, health and housing on the reservation. A similar letter is to be sent to the Washington Bureau of the AMVETS asking for its assistance on the same problem. Mickey Wainess was appointed a committee of one to arrange for a dinner-dance during the latter part of February.

Death Separates Brothers for First Time in 50 Years

Death stepped in between twin brothers Saturday night and separated them for the first time in their lives.

Robert G. Oberndorf, 58, well known realtor and subdivider, died at the Community Hospital at 5:30 p.m. Saturday, four days after being admitted.

As far as it is known here, he is survived by his brother, Jay G. Oberndorf, who was associated with him in the real estate business. Robert also worked with the realty firm of Graham Dexter.

IT IS SAID that the twin brothers were never separated during their lives. Veterans of World War I, they served throughout that conflict without once being sent apart to serve.

Sunday, Jay saw the casket containing his twin brother's body placed aboard the Golden State limited for transportation back to Chicago where burial is to take place.

Jay boarded the same train for the sad trip back to the Windy City.

DESERT INN GARAGE

Col. Ellsworth Takes Charge of Realty Office

Colonel "Bob" Ellsworth, retired army officer of World War I and World War II, has taken over the management of the Real Estate Brokerage office of Ellsworth and Ward—Palm Springs Information Center for Palm Desert. Due to wounds received in the Battle of the Bulge the work as sales manager for Palm Desert was too strenuous for Colonel Ellsworth—the tremendous volume of sales requiring too much of his energy. Having spent the last ten days in the hospital at March Field, Colonel Ellsworth decided to resign as sales manager of Palm Desert and assume the management of the Ellsworth and Ward office, where the duties will be less strenuous.

Sales co-ordinator, Edith Eddy Ward, has been appointed sales manager of Palm Desert, and Eleanor Byrne has been appointed sales coordinator. Miss Ward is the other half of the partnership of Ellsworth and Ward.

Colonel "Bob" predicts a great future for Palm Desert—not only from the huge success shown by the sell-out of the first unit but the interest shown by the volume of people looking over the next unit—which should be ready for sale about February 1.

Villager, Now, Sailor, Visits Hong Kong

A. L. Coady, 18, fireman, second class, son of Mr. and Mrs. T. E. Coady of Palm Springs, has visited the British Crown Colony of Hong Kong, China, while serving aboard the destroyer USS Brush.

The Brush, part of the U. S. 7th Fleet in Asiatic waters, is touring the china coast, Formosa, and Korea.

ONE OF THE MANY spring suits featuring cuffs is this attractive model worn by another attractive model, Miss Ann St. Claire. (Suit from Desmond's, Bernard of Hollywood Photo.)

From Head to Toe

By BARBARA K. SCHILLY

It's almost Spring again . . . birds on the wing again . . . time to sing again . . . and from here we shall pry ourselves from our popular song and gay spirit . . . as we almost forgot that this is a fashion column, and that the subject for the day was suits . . . but Spring suits of course.

Several touches we have noticed at the new Spring suit showings are most worthy of description. Such as: the Cutaway Coat theme, which is very popular. In this style the jacket does not button all the way down, but is rounded off and the back is longer than the front . . . often slightly flared all the way around.

ANOTHER THING we noticed was the frequent presence of cuffs on the suits. Cuffs from the same material as the suit . . . cuffs of a contrasting fabric . . . cuffs that matched the lining of the suit . . . cuffs that matched a contrasting skirt. Everything seemed to be on the cuff . . . or we meant to say cuffs seemed to be on everything . . . we even saw one skirt that had a cuff around the hem. As bustles seem to be popular on almost everything but slacks . . . they were naturally well represented on the Spring suits. The

bustles consisted of everything from fullness to the real thing . . . and one suit we noticed was especially quaint. The pephum of the jacket had a slight Victorian drape that resulted in a bustle in back.

THE DEEP U neckline was observed on a few suits, though it was not as popular as we had expected. We think it a very flattering line, especially when trimmed with a Peter-Pan collar and is such an innovation for a tailored cut. Perhaps next fall's suits will show more of this style.

Incidentally . . . if you are weary of your old collarless V-neck cardigan jacket . . . why not have your tailor juggle the alphabet somewhat and make the V into a U. Wear it with a jabot, scarf or blouse that is buttoned all the way up.

Pleats were shown in some suit skirts . . . some were gathered . . . but the most popular still was the straight and narrow style. Of course the skirts were longer . . . but then, we feel that this is hardly startling news . . . for we imagine that by now every style conscious woman is aware of the fact, and in her new purchases will make sure that her knees are well covered.

Girl Scouts Stage Show for Women

Mrs. A. E. Bailey and Mrs. Kitty French recently took Troop 6 of the local Girl Scout council to Cathedral City where they attended a meeting of the Woman's Club of that city.

The girls staged a puppet show much to the enjoyment of club members.

Famous Flyer of Two World Wars Is Guest in Village

Brigadier General Erick Nelson, veteran of World War I and II and one of four army fliers who participated in the 1924 round the world flight sponsored by the Army Air Corps, was a visitor for three days in the Village.

The General, who served for four years and four months in World War II as a member of General Hap Arnold's staff, recalled that the average speed of the plane he flew around the world in 1924 was 72 miles per hour.

"THAT SPEED," he said, "is less than the landing speed of the modern airplane today."

The flight around the world, the General recalled, lasted from April to September, whereas today the same trip could be accomplished in less than three days.

The Brigadier, now 59, entered the service in 1917 during World War I, and attended flying school at Houston, Texas. He remained in the Army until 1928 and then transferred to the reserve. He was recalled just before Pearl Harbor and entered as a Colonel. The end of the war found him elevated to the rank of Brigadier General.

Change in Airmail Deadline Revealed By P. M. Gorham

Postmaster R. M. Gorham today called attention of Villagers to a change in the airmail schedule as result in change of time of Western Airline plane to Los Angeles.

Closing time for airmail to Los Angeles is now 1:45 p.m. instead of 8 a.m. as formerly. Letters deposited in the airmail slot at the postoffice at 1:45 or prior to that time will be in Los Angeles that same day. It will be possible, with the addition of a special delivery stamp, to have the letter delivered that evening.

The new service will be effective seven days a week.

Children's Theater Shows Rapid Growth

THE CHILDREN'S THEATRE under the direction of Roy Randolph and Holly Visel is in full swing at the Plaza Theatre each Saturday afternoon at 2 p.m. Try-outs for the stage show preceding 2:30 and 2:00.

Any and all kinds of talent is ages of 3 to 5 have taken part welcomed. Children from the in the shows.

THIS SATURDAY just past the program was: (1) Carolyn Knapp, singer. (2) Carl Groth, pianist. (3) Girl Scouts from both Palm Springs and Cathedral City singing their group songs. (4) Boys' Trio, singing "Meet Me In St. Louis."

The pictures are especially chosen for children and are approved by parents' and teachers' groups. Mr. Earl Strebe is cooperating in obtaining the best pictures possible.

Protein, vitamin and caloric requirements increase with the amount of body area damaged by severe burns.

Miss Robinson Weds San Diego Man at Yuma

Mrs. Faye S. Robinson, today announced the recent marriage of her daughter, Martha, to Robert M. Jones of San Diego. The ceremony took place at the First Presbyterian church in Yuma, Arizona, on Jan. 9, with the Rev. Raymond C. Acheson officiating.

Mrs. Jones, with her mother, have long been winter residents of Palm Springs and the bride is a graduate of Palm Springs high school. She later attended Lindenwood College for Women at St. Charles, Mo., and also the University of Southern California. Mr. Jones is a graduate of San Diego High School and attended San Diego State College. During the war years he ferried bombers to Pacific bases for the Consolidated Aircraft corporation of San Diego.

He is now connected with KCMJ, the Palm Springs radio station, in the capacity of engineer. The couple will make their home in the Village.

Registration of All Voters to be Sought in Village

Lions club and the Woman's club of Palm Springs are joining in a campaign to have every eligible citizen in Palm Springs registered and able to vote, it was announced this week.

Plans are under way for an intensive campaign in February. The campaign is termed "Registration for Better Citizenship." Plans outlined so far call for tables to be set up at the Bank of America and the post office from 10 a.m. to 5 p.m. from Feb. 17 to Feb. 24.

POSTPONE MEETING OF REPUBLICAN CLUB

The Republican Club's scheduled meeting in the Fiesta House of the Desert Inn Thursday has been postponed, according to an announcement by Moya Henderson. The meeting on Thursday would have conflicted with the meeting of the Forum, Moya said. A new date for the Republican Club get-together will be announced during the week.

Gold of the Devil

By PAUL WILHELM

Little Black Top Scores Again—Another Mystery Shrouds The Already Tragic Gold Mine Less Than Eighteen Miles From Palm Springs.

An entire family of six recently vanished from this area. On last report, they were working Little Black Top, a gold mine six miles above Hidden Springs Ranch in the Thousand Palms area.

Little Black Top has long been known as "El Orr del Diablo" by old Indians of the Coachella. In 1898 a group of Mexicans came by wagon and team into the Martinez Reservation offering work at an abandoned Spanish mine. The Indians were skeptical. But five finally accepted. Back at the mine a shaft was sunk 60 feet into the gold ore. At that level they followed a rich vein northwest. The vein widened, grew richer. The Mexicans were delirious with their new wealth. As the vein opened, they grew sullen, became suspicious of each other, finally quarreled. When a charge of dynamite exposed a vein glittering with pure wire gold they fought openly.

THE FIVE INDIANS suspected trouble, eased out of the glory hole, climbed the 60 foot ladder and stood in a little silent knot at the top. Suddenly they heard a pistol shot. It was followed by two more reports. No sooner had the third shot been fired when an explosion shook the ground. Dust boiled up the shaft. When the dust cleared, they peered down. The glory hole was blocked by rock and debris. "El Orr del Diablo," they muttered, and set off stoically for their reservation. Years followed in which word reached the miners in the higher hills. A mine cursed is something to reckon with.

Yet, one day, an old mountain man derided the curse, hunted the mine down, set up camp and went to work at the 60 foot level. Finding color, he became a demon for work, his mind toying with the vision of a wall of wire gold. The picture became an obsession. He worked night and day, refusing to eat and became feverish, thin, jumpy. On that afternoon when a shadow fell across him at the bottom of the shaft he wheeled about with a revolver in hand, aimed at ran-

dom, fired. The bullet hit the encroacher between the eyes. But the dead man was a cowboy with two companions. The old miner went to jail.

WHO WILL NOT SAY that a hard rock miner is the most superstitious man in the world? The Little Black Top was taboo until the "Dane" came into this area in 1934. A burly giant of a man, he worked his "Bands of Gold" mine until it petered out, then he scanned the foothills below him. From his peaks he saw Little Black Top. It would mean leaving the land of the Bighorn, and the air that had on it the tang of pinyon balsam. That same day he loaded picks, shovels, drills and dynamite into his 1924 Dodge, drove circumspectly down a wash and set up shelter beside the cursed mine.

From the first strange events dogged his steps. And then, during the second month, he was descending the ladder, drills under an arm, when the ladder gave way. On the rocks twenty feet below he broke an arm and a leg. With Danish stubbornness, he mended the ladder, dragged himself to the top, made splints and layed around camp until he recovered. One day he began hearing noises. At the bottom of the shaft he cocked his head. Only the blowing wind through the winch at the top. At night he heard voices, footsteps, men shouting. He would leave his bed, pick up the old 35-70 and stalk Little Black Top till dawn.

FINALLY HE PLANTED dynamite at every possible approach to the Black Top, each united by a lead fuse near camp. After six Herculean months passed he had found color enough to afford a spree. He drove up a wash, covered his tracks, and rattled to a town he sometimes secretly visited for supplies. That night he became involved in a drunken brawl over the attention of a blond waitress who playfully insisted she and her boy friend knew where he got his gold. He slammed out of the door, went to his old Dodge, came back with his 35-70 and shot them both. At the trial, the judge confined him for life to a mental institution.

In 1942 the family of six built a lean-to at Little Black Top. That they lived there and worked the mine is evident by paraphernalia scattered about. All that remains is the dilapidated shanty infested now with pack rats. But the mine is still there, a sixty foot shaft, a make-shift ladder, and a rather recent cave-in.

Risley Now in Riverside Office

William H. Speck, veteran deputy in charge of the Riverside internal revenue office, has resigned from his Treasury Department position to enter private business, according to an announcement made today by Collector of Internal Revenue Harry C. Westover.

Except for the period of his enlistment in the United States Army during the recent war when he attained the rank of First Lieutenant, Speck had been in service with the revenue office for twelve years. Simultaneous with the announcement of Speck's resignation came word of the appointment by Collector Westover of Palmer C. Risley as the new Riverside revenue chief.

First commercial citrus grove was planted in 1904 in Texas.

Heaven is not reached at a single bound; But we build the ladder by which we rise From the lowly earth to the vaulted skies. And we mount to its summit round by round. —Josiah Gilbert Holland.

The real feminine touch—that's what's going to pay the Christmas bills.

Social ACTIVITIES

Stable Warming Is Latest Event Held at La Paz

One of the most unusual parties yet given at La Paz Guest Ranch was the "stable warming" celebration held one evening this week. The occasion marked the completion of the guest ranch's newly constructed stable, and also served as a housewarming to the new quarters built for Chris, the cowboy who easily could be voted the most popular employee at La Paz.

All the guests joined in drinking a champagne toast to the modern addition, which now houses some of the finest riding horses in this locality. Several of the guests, who have brought their own horses for the duration of their desert holiday, exhibited their pet's tricks. Taking the prizes for fine horses were Sam Nanani, of Chicago, with his riding and dancing horse, Ring, and Joe Fishers, of Portland, who brought their two favorite riding horses here for the month.

RETURNING for their first visit this season following several stays last season, Mr. and Mrs. Charles Savitz, of Long Beach, showed colored pictures taken at La Paz last spring. Their colored shots also showed the Desert Circus parade and the La Paz entry, which won a bronze statue. The pictures were varied and showed a number of views of several beautiful spots in Arizona.

Jay Dratler, of Westwood, spent several days relaxing at La Paz this week while working on the United Artist picture "The Pitfall". This release will star Dick Powell, who planned on visiting the writer during his stay.

Dr. and Mrs. Meyer Wiener, of Coronado, are due this week-end for a stay at La Paz. Dr. Wiener has been in Los Angeles giving a mid-winter course for the research study club. He served as a navy consultant during the war years.

OTHERS ENJOYING the Friday night western dances, picnic rides, Sunday buffet lunch-

Honeymooners Honor Guests Of Paul Beldings

Honoring Mr. and Mrs. Francis Figueroa of Mexico City who are here on their honeymoon, Mr. and Mrs. Paul Belding were hosts at a luncheon at the Tennis club last week.

The honeymooners were married at the Shrine of Guadalupe in Mexico City on December 20. He is a prominent Mexico City newspaper publisher.

The bride is the former Laura Cornejo of Mexico City. The couple flew in from the southern republic and were guests of the Arthur Frosts, well-known Village winter residents at the Frost home in Beverly Hills.

Guests were Mrs. William Malouf, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. Edward Bacon, Mr. and Mrs. Lee Bering, Mr. and Mrs. Frank Davies, Mr. and Mrs. John Sullivan, Mrs. Ryle Thorosen, Mr. and Mrs. Austin G. McManus.

A Lei of almond blossoms featured the decorations.

Friday, Mr. and Mrs. Edward R. Bacon entertained in honor of the Mexico City visitors at a luncheon at the Racquet club. Other guests were Mr. and Mrs. Belding, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. William Malouf and Mr. and Mrs. Lee Bering.

Mrs. Figueroa has been a friend of Mrs. Belding's mother, Mrs. Harriet Walton of New York, for more than a score of years.

The Philippines, with all their 7083 islands have an area of only 114,000 square miles, or about that of Arizona. The population of the Philippines is almost 12,000,000 while Arizona has only 435,000 inhabitants.

cons, swimming and tennis this week are Mr. and Mrs. D. M. Titleman, of Cederhurst, N. Y., who are back for their second visit; Mrs. Elmore Higgins with Mrs. F. Meiste, Long Beach; Mr. and Mrs. I. P. Bartel, Atherton; Mr. and Mrs. Lindeburg, Atherton, and others.

Northwest Well Represented at Villa Hermosa

Oregon visitors are assembling at Villa Hermosa this month for desert relaxation and swimming in the garden pool. Mrs. Louis Gerlinger with Mrs. H. L. Wilson, of Grants Pass, Oregon, are stopping at the exclusive apartment hotel while en route to Arizona. From Portland have come Otis F. Akin with his wife, Dr. Mabel M. Akin.

Passing through this country on his way from Russia to China, Mr. Ruthford now is staying at Villa Hermosa for a brief vacation in the desert sunshine.

OTHERS GETTING a suntan about the grounds are Mr. and Mrs. Charles Crouch, San Francisco; Mr. and Mrs. Louis E. Swartz with Mrs. C. A. Flinn, Mr. and Mrs. Volney Brown from Beverly Hills; Mr. and Mrs. Irwin Kane, Dr. and Mrs. Henry Brown,

All Directors of Bank of America Re-Named to Posts

At the annual meeting of shareholders of Bank of America, Tuesday, all directors were re-elected, and at the directors' organization meeting which followed, all officers of the bank were reappointed, Fred Ingram of the local branch was notified this week.

In his annual report, President L. M. Giannini said that the record developments in the bank during the years just closed were shaped chiefly by the economic conditions in California after cessation of extraordinary government spending, and by the key-stone policy of conducting Bank

Mrs. Louis Gerlinger and others.

When Margaret Mayo Batovsky and Edward Henry Mayo were wed in the Episcopal church, they were attended by Beverly Vivioti and Ernie Dunlevie of Villa Hermosa. The couple, who come from Cleveland, will reside at 1324 N. Carson street, Torrance, Calif., after their honeymoon.

of America as a utility for all the people.

All types of borrowers made greater use of bank credit in 1946, he said, reflecting reconversion financing, greater business activity and higher price levels. A substantial part of the year's record increase in Bank of America loan volume was made up of small loans to veterans and other. At the end of 1946, loans then outstanding included 370,193 small loans to individuals and small businesses, 219,623 loans to assist to purchase or improve their homes or other real property, and 108,183 commercial, industrial and agricultural loans.

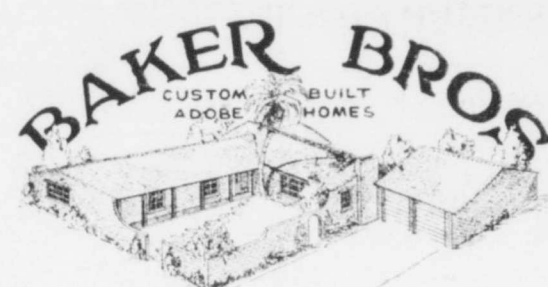

Deposit accounts, the report revealed, were equal to 383 accounts for each 1,000 people in the state and included 1,328,340 checking and 2,276,630 savings accounts. Stockholders now number 155,482.

California's growing importance in world trade was indicated by figures of the bank's International Banking department showing a 259 per cent increase in the issuance of letters of credit, and a 279 per cent increase of letters of credit through Bank of America by foreign banks.

President Giannini pointed out that unfilled wants for industrial plants, business structures and residences, coupled with the highway program, create a backlog for several years should challenge California's capacity to produce.

Give All You Can Afford!

PALM SPRINGS COMMUNITY DRIVE

For your Community Chest agencies which help the Palm Springs Community Hospital and the following agencies and organizations: Welfare and Friendly Aid Society, the Boy Scouts, the Girl Scouts, the Boys' Club, the Desert Museum, the USO, and the Palm Springs Community Hospital.

Public Spirited Volunteers

are ringing every doorbell in town to collect funds for our community drive. Come to your door with your hand digging deeply into your pocket—to help alleviate suffering among your neighbors. To help our community's incapacitated have adequate care. To help our boys and girls. To help the sick and stricken get well and return to productive jobs. To help raise our community's standards of good health, good care and self sufficiency.

You're Alright

Your family is protected against many consequences of sickness . . . accident. But many of this community's residents are not alright: can't bear the burden of sickness or accident: can't afford lost working hours.

Deficiencies

recognized and treated early can be corrected and cured in many instances, making boys, girls, men and women fit for useful, happy lives. Your community drive can help them—save them from helplessness and dependence.

Buy a Share In Your Community

You All Love Palm Springs

It's your chosen community—whether you're here as a permanent resident, or here for a short period of time. It's up to you to help make of Palm Springs the finest community possible. Help, by supporting this community drive, even if you've given elsewhere. These funds are for you and yours—or someone else of your community. Give all you can afford.

Volunteers Needed

There's need for more workers to assist in this community drive. All those wishing to volunteer their services should contact headquarters at the Red Cross offices, 1162 North Indian Avenue, at entrance to the Palm Springs Community Hospital grounds.
